Offers and Enrolment

St Mary Magdalene C of E Sixth Form · 1 Hendon Street, Greenwich, London SE10 0NF

This page explains how offers of places work at St Mary Magdalene C of E Sixth Form, how places are allocated, and what happens at enrolment.

Conditional offers

Before examination results are published, the school may make conditional offers to applicants. These offers help us plan our curriculum and help students make informed decisions about their post-16 education.

A conditional offer is based only on the applicant's stated intention to study at the school and how likely they are to meet the published entry requirements. A conditional offer:

- does not guarantee a place
- does not give an applicant priority over any other applicant

All applicants who meet the published academic and subject-specific entry requirements are considered under the school's published admission arrangements.

How places are allocated

None of the following are used as oversubscription criteria or to decide who gets a place:

- predicted grades
- school references
- interviews
- personal statements
- attendance at Sixth Form events
- taking part in any pre-admission's activity

If more applicants meet the entry requirements than there are places, places are allocated using the published oversubscription criteria, set out in our Sixth Form Admissions Policy.

Accepting an offer

Applicants who receive an offer should accept it by April through their Applicaa account. If your plans change, please let us know as soon as possible so the place can be offered to another applicant.

Results day and enrolment

Once examination results are published, places are confirmed for applicants who meet the published entry requirements.

Enrolment takes place on Thursday 19th August 2027 at the Sixth Form, 1 Hendon Street, Greenwich, London SE10 0NF. Students should bring:

- their examination results
- [any other documents required]

If results are not what a student expected, they should still attend enrolment or contact us as soon as possible. We will talk through their options, including whether any alternative subject choices meet the entry requirements.
