

Weekly Homework:	Spellings – set weekly.	
ENGLISH Activity 1	COMPUTING	SCIENCE
Create a fact file about a humpback whale. Make sure you include lots of detail, and illustrate it with a picture!	Use a search engine to research different types of sea creatures. Find out about its appearance, diet, habitat and any special features of the animal!	Investigations. Can you complete this investigation at home? https://www.sciencefun.org/kidszone/experiments/lava-lamp/
ENGLISH Activity 2	ART	RE
Write a description of your favourite ocean animal (fish, dolphin, crab, turtle, shark) Use lots of adjectives and conjunctions to expand your sentences. 	Using materials that are available to you, create an ocean scene! 	This half term we are learning about Sikhism. Sikhs think giving to those in need is very important. What can we do to help those who are in need? Can you write a paragraph explaining this?
DT	COMPUTING	
Using a cardboard box, or a shoebox, can you create an aquarium for some fish or sea creatures? 	Can you complete the World Oceans task on Purple Mash? Use the search bar on Purple Mash to search for this activity.	
ART	MUSIC	
Draw a detailed image of a sea creature and label it.	Listen to some songs about the sea. Which films are set in the sea? OR Listen to sea shanties online and write your own.	

- 1) Complete at least 5 activities this half term.
- 2) Bring your homework or a photo of it into school.
- 3) We encourage you to share your homework in class, be prepared to talk about it.
