

# Spring Term 1

Year 6 will be historians this half term as they explore the history of Medicine through time.

**As readers,** we will be exploring different styles of text and developing our inference skills.

**As writers,** we will be writing time travel stories focusing on using different descriptive devices to keep the reading entertained.

**As mathematicians,** we will explore fractions, percentages, decimals and measurement.

**As scientists,** we will be developing our understanding of Evolution and Inheritance

**As artists and designers,** we will be designing and creating our own motorized vehicles

**As Historians,** we will be learning about the medical practices of different civilizations

**As citizens,** we will be looking at influences to money and work and the role of social media.

**As theologians,** we will be exploring how Buddhists feel they belong to a community.
