

Year 6 Enrichment Homework

Visit the Science Museum On the website, you will find a light and sound object hunt. Print it off and see what you can find whilst you explore the museum! 	Attend a sporting event. This could be going to a big event, or simply watching a local football club in the park. 	Go on a tour at The Royal Mint and see how coins are produced! Some collectors' coins even have coloured pictures on them now! Can you spot any? 	Explore Tower Bridge and see it in action! If you wait for a larger boat to travel along the river, Tower Bridge does something special. Also, there is an experience to do where you can go inside the bridge itself if you're lucky! Walk along to The Tower of London – can you spot Traitor's Gate? 	Create an Advert Using an electronic device, create an advert for someone visiting either Greenwich or Woolwich. What things might they want to come and see? You may even want to record yourself presenting the advert in the town. Bring it in to share. 	Visit The Globe Theatre What do you notice about the design of the building? Why do you think it is like this? Which famous playwright used to write the plays that were performed there? The Globe Theatre

Visit The British Library Go inside and look at some famous treasures: Magna Carta, Shakespeare's first folio, Leonardo da Vinci's notebook in the permanent free exhibition housed there. 	Belonging to a Community We live in a very diverse, multicultural city. It's great fun learning about other cultures. Choose a culture to learn about, do some research into this and then create a presentation to share what you have learnt. You can do this by hand or on the computer. Be creative! 	Visit HMS Belfast If your adult wants to take you, you are allowed to go onboard the ship and look inside. But this is not necessary. Take a look at the outside of the ship, draw it, think about what it was used for. Why do you think it is docked here? 	Visit the Old Royal Naval College and find: King Charles Court. Sit on the grass outside with a picnic and listen to the music being played inside by the Trinity Laban students. It's an open-air music concert for free! While you're there, go and explore the chapel and the painted hall too.	The Thames Clipper Go for a ride on the Thames Clipper. Make a list of all the landmarks that you see on the journey. If you sit at the back of the boat, you may get a little splashed! 	Spoon Portraits Have a look at your reflection in the spoon and draw your portrait. What happens if you turn the spoon over? Look carefully and get in all the details.
