COVID-19 OUTBREAK MANAGEMENT PLAN

COVID-19 OUTBREAK MANAGEMENT PLAN

Created: September 2021
Next Review Date: November 2021
Custodian: Executive Co-Headteachers and Governing Body

Signed by the Co- Chair of Governors:

A handwritten signature in black ink, appearing to read "G.P. Kostaugh", is written over a white rectangular background.

1. Introduction

This plan is based on the [contingency framework for managing local outbreaks](#) of COVID-19 and the [schools operational guidance](#), provided by the Department for Education (DfE).

We will only implement some, or all, of the measures in this plan in response to recommendations provided by our local authority (LA), directors of public health (DsPH), Public Health England (PHE) health protection team or the national government.

It may be necessary to implement these measures in the following circumstances, for example:

- To help manage a COVID-19 outbreak within any of our schools. Actions will be considered when either of the following thresholds are met:
 - ✓ There are 5 positive cases amongst pupils or staff who are likely to have mixed closely within a 10-day period
 - ✓ 10% of pupils or staff who are likely to have mixed closely test positive within a 10-day period
- If COVID-19 infection rates in the community are extremely high, and other measures have failed to reduce transmission
- As part of a package of measures responding to a ‘variant of concern’ (VoC)
- To prevent unsustainable pressure on the NHS

2. Seeking public health advice

When one of the thresholds above is met, we will review the testing, hygiene and ventilation measures already in place.

We will also seek public health advice from a director of public health or health protection team. The Executive Co-Headteacher and/or Principal will be responsible for seeking this advice, and will do so by telephoning the DfE helpline (0800 046 8687) and relevant members of the RBG School Improvement team.

3. Testing (for staff and secondary aged students only)

If recommended, we will increase the use of home testing by pupils and staff. Currently, staff and students from Year 7 and upwards are asked to test at home twice a week. If it is advised that we reintroduce an asymptomatic testing site (ATS) at our school, we will consult with the director of public health (DsPH) to discuss any further support we need to do this.

If we reintroduce on-site asymptomatic testing: This might include:

- On-site testing at the start of term as directed by Government, provided by Greenwich LA. This will be for all students from Year 7 upwards.

4. Face coverings (for staff and secondary aged students only)

If recommended, pupils, staff and visitors who are not exempt from wearing a face covering:

- Will be asked to keep on or put on a face covering when arriving at school and moving around indoors in places where social distancing is difficult to maintain, such as in communal areas

And/or:

- Will be asked to wear a face covering in classrooms or during activities, unless social distancing can be maintained or a face covering would impact on the ability to take part in exercise or strenuous activity.

5. Shielding

We will adhere to national guidance on the reintroduction of shielding, which would apply to those on the [shielded patient list \(SPL\)](#).

We will speak to individuals required to shield about additional protective measures in schools or arrangements for home working or learning.

6. Other measures

Parents, carers, pupils and staff will be informed promptly about the introduction of control measures. This will be done via email to parents once a decision has been made.

If recommended, we will limit:

- Residential educational visits
- Open days/events
- Transition or taster days
- Parents coming into school
- Live performances

If recommended, we will (re)introduce:

- Testing, including the use of an asymptomatic test site (ATS)
- Bubbles, to reduce mixing between groups
- Face coverings in communal areas and classrooms for staff and visitors (unless exempt)

7. Attendance restrictions

Attendance restrictions will only be recommended as a last resort. If recommended, we will implement the measures in this section.

7.1 Eligibility to remain in school

If restrictions are recommended, we will stay open for:

- Vulnerable pupils
- Children of critical workers

7.2 Education and support for pupils at home

All other pupils will be required to stay at home and will receive remote education.

We will aim to deliver remote education that meets the same quality and quantity of education that pupils would receive in school, as outlined in our Remote Learning policy.

The schools will continue to provide meals or lunch parcels for pupils eligible for benefits-related free school meals while they are not attending school because of COVID-19 isolation guidelines.

Food vouchers will be provided where for those children who are entitled to Free School Meals.

7.3 Wraparound care

We will limit access to before and after-school activities and wraparound care during term time and the summer holidays to those that need it most.

We will communicate who will be eligible to attend once the restrictions are confirmed.

7.4 Safeguarding

We will review our child protection policy to make sure it reflects the local restrictions and remains effective.

We will aim to have a trained DSL or deputy DSL on site wherever possible.

On occasions where there is no DSL or deputy on site, a senior leader will take responsibility for co-ordinating safeguarding on site.

When vulnerable pupils are absent, we will:

- Speak to parents/carers and, where applicable, social workers and the local authority, to work out the reason for absence
- Encourage attendance
- Make sure vulnerable pupils can access appropriate education and support while at home
- Maintain contact, and check regularly that the pupil is able to access remote education provision
