

Year 11 Trip to 'Matilda the Musical'

In an enchanting twist of melodies and theatrical magic, Year 11 students from our music program recently embarked on a captivating journey to witness the renowned "Matilda the Musical" at Cambridge Theatre. This outing, carefully curated by our dedicated music department, proved to be an unforgettable experience for our young musicians.

The trip to 'Matilda the Musical' served as a bridge between classroom learning and real-world artistry. Concepts studied in class, such as musical composition, thematic development, and the impact of live instrumentation, came to life on the grand stage. The students gained a deeper appreciation for the nuances of musical storytelling and its ability to evoke emotions.
