

THIS HALF TERM WE ARE THINKING ABOUT KINDNESS AND GOODNESS.

So, let us not grow weary in doing what is right, for we will reap at harvest time, if we do not give up.

Galatians 6:9

Dear parents and carers,
It has been lovely
popping in to classes to
see the pupils this week
though it has been
remote.

Have a look at some of
their great work below.

Mrs Ajayi

Turner Class have been making models out of junk. They have been using their imagination to create different models to re-use containers and egg boxes that they found at home.

Turner Class are enjoying their topic 'Mad Scientists'. They followed instructions to make paper aeroplanes and helicopters. Then they went outside and watched how the aeroplanes flew through the air and how the helicopters spun down to the ground. They described what they saw happening and had lots of fun!

Reception pupils – Orchard and Bellamy classes, as part of STEM week, built towers and structures using spaghetti and marshmallows.

In Year 1 **Stephens and Sideman** - celebrating STEM week, designed rockets and launched them by mixing together alka seltzer tablets and water. It was so much fun predicting which rockets would fly the highest, and a bit messy too!

This half term, Year 2 - **Igrave and Chessun Classes** - have been learning about the Great Fire of London. They created a stick puppet each based on key figures from The Great Fire of London. Next week, they will be using their puppets to create a class show!

In Year 4, **Elliott Class**, have been working on their topic *Tomb Raider* and have been making Egyptian necklaces, each one designed differently.

ST MARY MAGDALENE SCHOOL
PENINSULA CAMPUS
Weekly news – Friday 26th March

Gregory Class have been learning about Earth Hour as part of the topic 'Climate Change'. They invite everyone in the school community to take part! At 8:30 pm on Saturday 27th March, please switch off your lights and other electronic devices for **1 hour** to show support for our planet.

Here are some of our suggestions of what to do during the hour:

- Go outside for a walk
- Enjoy a candlelit dinner
- Read a book or do some art by candlelight
- Play a board game!
- Take a nap!

We hope you will all join in celebrating Earth Hour 😊
