

WHAT'S BEEN HAPPENING IN SCHOOL THIS WEEK?

It has been an exciting week in Reception and Year 1. We made cornflake cakes with chocolate and cornflakes. This was lots of fun! We also made posters to thank the NHS for working hard during this time.

Best wishes,
Miss Akinmolalire

The children in school this week, have completed a variety of activities and treats. From online learning to creative afternoons.

At the beginning of the week, we made stone bugs, where we made garden backgrounds, painted stones to look like bugs and then placed them on our backgrounds.

We designed our own fantasy worlds, which included items like candyfloss-land (a candy floss theme park) and Minecraft traffic lights.

We have also made some delightful treats; from mars bar cakes to layering our own desert pots with mousse, cream, brownies and Oreos'.

Friday is VE day so we watched recounts from Captain Tom Moore and made bunting. The children as well as adults have truly enjoyed their week. Please find some of our bug garden pictures.

Miss Olaley
